Essen, Germany. Evonik has recently extended its distribution agreement with Brenntag for its Dynasylan® product line to 16 countries in Eastern Europe. Effective immediately, Brenntag will additionally distribute the silane products in Poland, Czech Republic, Slovenia, Slovakia, Hungary, Serbia, Romania, Bulgaria, Croatia, Macedonia, Bosnia and Herzegovina, Kosovo, Albania, Estonia, Latvia, and Lithuania.

“Brenntag is an important partner and provides us with a direct link to the end customers”, said Daniel Göbel, Channel Manager EMEA, at Evonik’s Silanes business line. “Brenntag’s many years of experience working with us and our products enables them to serve customers well and offer the best technically and commercial service. We are pleased to expand our successful cooperation and looking forward to an even more successful future.”

Evonik's Dynasylan brand products are used in countless industries and sectors to achieve higher performance, better effectiveness and more sustainability thus delivering real value. The wide range of applications includes: fiberglass, glass wool, foundry and foundry auxiliaries, adhesives and sealants, filler silanization (artificial marble), paints and coatings, and the polyurethane and rubber industries.

Jerzy Jasinski, Regional President Brenntag Specialties EMEA: “We have been distributing products from Evonik’s Dynasylan line in the DACH region for many years now. We have gained a lot of very good experience and always received positive feedback from customers. That is why Brenntag is very pleased that we expand

this success story to additional countries across Europe. It is a great development of the winning formula for all important stakeholders of us – our Customers, Evonik and Brenntag.”

Since 1993, Brenntag has been distributing products from the Dynasytan range in Germany; Austria and Switzerland were subsequently added. The Dynasytan range is characterized by uncompromising product quality and purity, also meeting Brenntag's high sustainability standards.
